

Tomato Seeds and Plants - 2023

Tomato Variety	Seeds	Plants	Description
Abe Lincoln	✓		A good disease resistant tomato. Delicious, rich, slightly acidic tomato flavors. Produces extra large 1 lb heirloom tomatoes. These tomatoes turn dark red as they mature.
African Togo	✓		A rare heirloom from the Togolese Republic in West Africa. Produces loads of pink ruffled fruit.
Amethyst Cream Cherry	✓		Mid-season. One of the prettiest cherry tomatoes - sweet, fruity, with purple blushed tops and cream-white undersides. A fairly low acid fruit with very good production.
Apricot	✓		Early to mid-season. Prolific producer of small to medium-sized yellow fruits that blush as they ripen. Slightly fuzzy skin is similar to the popular Garden Peach tomato with the same sweet flavour – a good salad tomato.
Beefsteak	✓		Late. Popular old variety which is very large, deep red with fine rich flavour.
Black Cherry (CO)	✓		Early to mid-season. Rare, true cherry tomato with black skin. Deep red flesh with blackish hues. Flavour is sweet and deep.
Black from Tula	✓		Mid-season. A rare Russian heirloom with deep purplish-brown colour and deep, rich flavour. Fruits are 8-12 oz.
Black Krim	✓		Late. Dark-coloured, thin-skinned, meaty fruits are incredibly juicy and can grow up to 1.5 lb. , under semi-drought conditions. The slightly smoky, salty flavour is great for salads or eaten straight off the vine. Heavy producer.
Black Prince	✓		Mid-season. Medium-size, dark red to brown in colour, round to oblong shape, great rich old-fashioned flavour and excellent yield. Said to be from Siberia. Resists cracking.
Brandywine Red (CO)	✓		Late. One of the most famous heirlooms (1885, Amish), the winner of many taste tests with bright tangy flavour. Large beefsteak type, up to 2 lb., ideal for slices, salads and sandwiches. Not a heavy producer. Long vines and potato-leaf foliage.

Bull's Heart	✓	Bull's Heart is a prolific indeterminate beefsteak-size tomato-leaf plant with pink-red, heart-shaped fruit, used mainly for canning and slicing.
Bread and Salt	✓	Meaty, juicy, red, medium-size fruit ranging from 10 ounces to 2 pounds
Burbank	✓	Tomato-leaf plant with medium-sized deep garnet red to dark purple perfectly round fruit. Small plants.
Cherokee Purple	✓	Late. Unique dusty rose colour with a sweet, smoky flavour that rivals Brandywine. Productive plants, heavy crops of 12 oz. fruits, good in dry conditions. Indeterminate.
China Orange	✓	Super rare Chinese organic tomato. Determinant plants growing only 3.5 feet high, produce round bright orange fruits weighing 6-8 oz with a sweet and creamy taste.
Dattletomate	✓	Indeterminate regular leaf plant, small, paste-type tomatoes growing in clusters.
Druzhba	✓	Tomato- leaf plant with medium-sized deep red, round fruit. Hardy.
Galinas	✓	Early. Delightful and delicious sweet yellow cherry from Siberia on medium-length vines that produce heavy clusters of fruit until heavy frost.
Green Zebra	✓	Late. Yellow and green 2' fruits with dark green vertical stripes. Emerald green flesh is juicy, sweet and mild.
Green Tomatillo	✓	The tomatillo also known as the Mexican husk tomato.
Hotset	✓	Tomato- leaf plant with medium-sized red, round fruit. Productive.
Indigo Rose	✓	Unique, purple-red with the red interior.

Moneymaker			Mid-season. An old English heirloom; greenhouse variety; produces 4-6 oz globes that are intensely red, smooth and of very high quality. Grows well in hot humid climates and sets in most any weather. Flavourful but becoming rare.
Moskvitch			Early. Siberian origin. 4” bright, red fruits are round to flat with tasty flavour. Good producer, good keeper.
Old Brook			One of the earliest full-sized tomatoes. Large 1 lb. Fruit is delicious and juicy, well-suited to home canning due to its high acidity. Resistant to blossom end rot and blight. Long vines.
Old German			Mid-season. A beautiful large multi-coloured yellow/orange/crimson tomato with good production.
Paul Robeson			A Russian heirloom, beefsteak-type tomato.
Pineapple			Late. Large yellow beefsteak-sized tomatoes with red streaks on blossom end. Sweet, bright flavour.
Polish			Mid-season. The 3-5 ft heavy plant is loaded with beefsteak-type pinkish fruit, weighing up to 1 lb. Very productive, potato-leaf.
Red Pear			Late. Another very old variety, known since the early 1800s. Fruits are flavourful, red, pear-shaped, small and popular for gourmet salads. Productive with long, rambling 6 ft. vines.
Red Zebra			Mid-season. Fire engine red 2' fruits are covered with bright yellow stripes. Sweet and flavourful, this variety is very popular with home and specialty markets.
Reisetomate			Also called “Traveler Tomato” (“reise” is German for “travel” or “journey”) for the ability to tear it apart a piece at a time, with no need for a knife. This type of tomato traces its roots to Central America where the native people would carry traveler tomatoes on trips, to eat as they walked.
Roma			The best known of the paste-types can also be used for sauces and catsup. Disease resistant. Determinate variety. No staking required.

Russian		Mid-season. Very meaty, large red oxheart or paste-type fruits with mild, sweet flavour and few seeds.
San Marzano		Plum tomato variety.
Sunrise Bumblebee		Indeterminate. Sunrise Bumblebee is a beautiful little cherry tomato with big flavour!
Tiny Tim Cherry Tomato		Extremely early, miniature cherry tomato. Deep well-drained soil is best. Perfect for decorating salads and vegetable trays.
Yellow Pear Tomato		A superb miniature pear-shaped yellow tomato with a delightful sweet flavour. Mid-early ripeness until frost. Indeterminate. Staking required. Excellent in salads and great for vegetables trays.
Vintage Wine		Mid-season to late. Plant produces good yields of 1-2.5 lb. Bi-coloured pink beefsteak tomatoes with golden stripes. They are mildly sweet and flavourful. Perfect for salads, slicing, and sandwiches. A potato-leaf variety. Excellent choice for home gardens and specialty market growers.
